"A schooner of Diemen's, thanks!"

Nobody really knows where the term "schooner" or, in true Aussie style, "schooey" comes from, but in parts of Australia this is one of the most popular sized beer glasses.

At 425ml, it's slightly less than a pint, which means your beer is less likely to get warm in the scorching sun Down Under.

DIEMEN'S BREW is to beer what the schooner is to beer glasses. It is in the Goldilocks zone of brewing art. With the perfect blend of drinkability and full flavour and it will quench your thirst, guaranteed!

So go ahead and order yourself "a schooner of Diemen's, thanks" and enjoy the taste of Australia, French-Style.
